Impact Spotlight

OhioRISE care management entities (CMEs) continue to build relationships with community partners!

A CME expressed interest in developing their relationship with their local Family and Children First Council (FCFC), and their OhioRISE regional coordinator from Aetna offered to help by meeting with the county Job and Family Services (JFS) director. The JFS director then invited the CME and OhioRISE regional coordinator to attend an upcoming FCFC meeting.

The CME was thrilled that thirty-one individuals attended the FCFC meeting, including school principals, judges, developmental disability superintendents, the local Alcohol, Drug Addiction and Mental Health Service (ADAMHS) board, hospitals, a Mobile Response and Stabilization Service (MRSS) provider, and others. After the Aetna regional coordinator provided an overview of the OhioRISE program and introduced the CME to community partners, the group talked about how OhioRISE can work in their area of the state. Now, this group plans to meet quarterly to connect on building their local system of care and provide OhioRISE updates!

Did you know? OhioRISE CMEs are the go-to providers delivering wraparound care coordination for children and youth enrolled in OhioRISE. CMEs help grow their communities' system of care so overall resources expand to help kids with behavioral health needs and their families in the coming months and years.
