## Close of open enrollment is approaching – select your plan now!

**Attention Medicaid Members: The deadline for open enrollment is quickly approaching.** We encourage you to review the seven Next Generation managed care plans and select the plan that best meets your healthcare needs. You can make your selection **through November 30**. These Next Generation managed care program changes do not apply to MyCare Ohio plans, which will continue to provide benefits to Ohioans who receive both Medicaid and Medicare benefits, with enhanced coordination of medical, behavioral, and long-term care services.

Ohio Department of Medicaid offers a number of resources to assist you in selecting a Next Generation managed care plan, including an updated version of the Next Generation Health Plan Comparison available on the [Ohio Medicaid Consumer Hotline website](#). The document provides an overview of the services that all managed care plans provide and the specific value-added services each individual plan provides. The value-added benefits range from additional vision and dental services to rewards and monetary incentives for preventative care.

Many Next Generation managed care plan resources can be accessed at [www.ohiomh.com](http://www.ohiomh.com). Please see the following resources for additional information:
