Impact Spotlight

The OhioRISE Care Management Entities (CME) are Spreading the Word and Engaging Families in OhioRISE!

The OhioRISE CMEs are working hard to reach children, youth, and their families within their local communities to make sure they understand the OhioRISE program. CMEs are successfully engaging with families at local community organizations, events, and in neighborhoods!

Stock Image

Through direct contact with members in their homes, CMEs are quickly engaging young people and their families, conducting or scheduling assessments, and getting the care coordination process going.

This week, a CME reported that while they were visiting with an OhioRISE enrollee in their home, discussion with parents identified that another child in the family could possibly benefit from OhioRISE. The CME conducted a CANS assessment for the second child, who was then enrolled in OhioRISE.

OhioRISE Launch Report

Week of Aug. 1, 2022

Impact Spotlight Continued

The OhioRISE Booth at the Ohio State Fair Has Been a Success!

The Ohio Department of Medicaid (ODM) hosted the OhioRISE booth at the second week of the Ohio State Fair in Columbus. This week, staff members from Aetna Better Health of Ohio (Aetna) and Ohio Medicaid’s managed care organizations (MCOs) joined ODM in engaging with Ohio’s children, youth, and families. We handed out OhioRISE flyers and brochures, offered a DIY calming stone activity for children and youth, and garnered interest from community members about how they can support the OhioRISE program!

I had a blast working with the MCO and ODM team! The calming stones were a hit and a great way to connect with children, youth, and their families. I’m thrilled that we received interest from community members in becoming certified Ohio CANS assessors!

– Aetna Staff Member

→ Certified Ohio CANS Assessors conduct CANS assessments with children and youth to determine their OhioRISE eligibility. [Click here](#) for more information on how to become a certified Ohio CANS assessor.
