### Impact Spotlight

**Aetna (the OhioRISE plan) sent 5,400 new member packets to children/youth and caregivers before July 1.**

Member materials provide background information about the OhioRISE program and important contact information so new members and/or their caregivers know how to access additional information and how to get help when they need it. The welcome packet includes a [welcome letter](#), a [quick guide](#), information about network providers, and a [form to request a printed member handbook and provider directory](#).

For some parents and caregivers, receiving a welcome packet is a sign of hope that they'll have help in navigating care and accessing the services and supports their child needs. Check out the [Resources for Members and Families page](#) on the OhioRISE webpage for more information.

### Impact Spotlight Continued

**Did you know that the OhioRISE CMEs meet with Aetna and ODM at least three times a week to learn together, share new information, and discuss best practices?**

This week, the CMEs talked about:

- CANS assessment requests/scheduling
- Stakeholder outreach to continue building the system of care
- Ideas for overcoming barriers to accessing care in smaller counties, including ways smaller counties can work together to share ideas and resources

The CMEs take these learnings and best practices and translate them into their work with OhioRISE members and caregivers!
